The world's best teacher training institution, Seoul National University of Education
 SNUE is a leading educational institution that is guiding future education. SNUE boasts unrivaled professors and cutting-edge educational facilities that utilize the latest technologies such as virtual reality, augmented reality, and interactive classes.

Pre-service Teachers By providing various subjects and practice opportunities, we are training excellent teachers with a balance of theory and practice.	Training of Overseas Education Experts We share educational experiences globally and conduct training to improve professionalism for educational experts from various countries.
<ul style="list-style-type: none"> • Liberal education • Major education (General education, teaching practicum, education of content areas, and specific majors) • Thesis/project and volunteer work 	<ul style="list-style-type: none"> • Training of educational experts from Pakistan, Sri Lanka, and Senegal • Indonesian teacher training
In-service Teachers Various teacher training programs have been developed and implemented to cultivate the expertise of in-service teachers.	Sister University Student Exchange We exchange credits with sister universities in various countries in North America, Europe, and Asia and conduct short-term training such as internships.
<ul style="list-style-type: none"> • AIEDAP (AI Education Alliance & Policy lab) • AI Leadership Teacher Training Course • Teacher training programs 	<ul style="list-style-type: none"> • (U.S.) Arizona State University, University of Hawaii, University of Minnesota • (Australia) South Australian Department of Education • (Others) Osaka University of Education, etc.

Training Digital Education Experts We implement innovative education that leverages cutting-edge technology to enhance the learning process and cultivate leadership in digital education.	Online Master's Degree Program We offer programs in Artificial Intelligence Future Education and EdTech. Elevate your competencies in AI education to pioneer positive educational and societal changes with sustainable development in mind.	The Elementary School Affiliated with SNUE It is located within the SNUE campus and serves as an experimental research school for student-teachers and researchers. Here, the national curriculum and textbooks are tested, and policies, workshops, and reforms are piloted.
